

**EXTREMELY
TEAR RESISTANT
WEATHERPROOF STOCK**

Help protect your property from unwanted trespassers or hunters by posting signs.

It is your property and you deserve to be the one who determines who will be safely there.

No Trespass Signs by Maple Leaf Press are printed on tough polypropylene stock. The bright yellow color helps to increase visibility. These signs are flexible enough to staple to a tree and strong enough to be out for months.

Product comes prepackaged with quantity and UPC for the multi-pack. The smaller 5.5" x 8.5" signs are available in 50 and 100 piece packs and the larger ones come in 25 and 50 piece packs. **Note:** Individual signs have their own UPC codes so you can choose to sell them individually also.

Because states have different requirements on sign size and placement necessary for you to prosecute violators, verify with your state DNR to find out what is required.
